The Waihi Trade Directory would like to welcome Mitre 10 Home and Trade Waihi as the official banner sponsor for 2011. General Manager Graham Walker has seen the benefits of coming on board with the site. He feels that his customers enquiring about local trades-people can now be directed to the listings on the site. Graham would also like to promote the pre-nail and truss department and Adrian Parks (Production Manager) has put forward the information relating to that side of the business (click [here](#)).

Please support Mitre 10 Waihi and make yourself known to Graham and Adrian as a site member, as the more people that spread the word the more useful the site becomes as a tool.

Gavin Pendergrast has worked closely with several local builders over the years and also with the Waihi Trade Directory of late.

Gavin has become the sidebar sponsor for the Waihi Trade Directory and we would

like to promote his Architectural Design services to the members and visitors.

Please visit the Melzavin page [here](#) to view Gavin's 3D rendered images and discover what he can do for your next project.

We would also like to thank the Rhythm 89FM Waihi Beach for their on-going support and we hope to continue hearing the website marketed locally across the airwaves. Click [here](#) to

listen to the live streaming broadcast from the station.
